## Press Release

9/5/2018

### Hydrant Flushing Notice

The City of Kewaunee Water Department will be flushing hydrants from Monday, September 10 through Friday, October 5, 2018. This is done in order to reduce and remove the accumulation of rust and iron in the city's water main distribution system. The flushing may cause discolored water in your system. This discolored water is bacteriologically safe and will not harm you.

City residents should check their water supply before engaging in any work that could be affected by the City's flushing of hydrants. Your cooperation and understanding during water main flushing is greatly appreciated.

Please feel free to contact City Hall at 920-388-5000 with any questions.

Thank you!
