

Volunteer Request

Kewaunee County Emergency Management is hosting an Agricultural/Household Waste and Prescription Drug Collection on Saturday, April 22nd from 8 am - 12 pm. This is an opportunity for County residents to safely dispose of chemicals, cleaners, and prescription medication. The event is possible thanks to invaluable volunteers, who assist by handing out surveys or directing registrants into and out of the collection site. If interested in volunteering, please contact Kewaunee County Emergency Management at 920-845-9700. We appreciate your help in making our community and the earth a healthier, safer place.
