

You're Invited!

We need your help to implement the City's 2019 Harbor Master Plan and 2018 Waterfront Plan. All the planning has been done and now the City needs to focus on **'getting things done'**. An invite only, diverse stakeholder group is being called upon to assist in the creation or refinement of **design concepts** for dozens of projects within sixteen distinctly different project sites. This 2-day Planning & Design Charrette will also address **project prioritization** so that a clear path is shaped for existing and future leaders. Future State and Federal **funding** opportunities abound, and your help is critical to positioning the City of Kewaunee for **success**. Please pre-register using the link below.

Tues. July 12, 2022

- 8:00-9:00 a.m. Project Overview, Goals, & Outcomes (at City Hall - 401 5th St.)
- 9:00-11:30 a.m. Bus Tour of Harbor & Waterfront Project Sites (leaves from/returns to City Hall)
